| • HTML       | • Typescript | • Node Js    | • REST Api | • Tailwind CSS | • UI/UX Design |
| • CSS        | • React Js   | • Express Js | • Redux    | • Bootstrap    | • Figma        |
| • Javascript | • Next Js    | • MongoDB    | • Git      | • Postman      | • Docker       |
| • Python     | • Django     | • Mysql      | • Github   | • BAAS         | • Linux        |

## Experience

### Lead Full Stack developer / Technical Lead

2022-2024

*Hextrap Solution, Karnataka, India*

- Led the architecture and development of complex web applications using ReactJS, NextJs, Headless CMS like Strapi, Wordpress and Woocommerce.
- Incorporated animations and advanced UI/UX features to enhance user engagement.
- Managed databases including MongoDB, MySQL, and Backend-as-a-Service (BAAS) solutions like Supabase and Appwrite.
- Implemented efficient testing methodologies using Postman.
- Mentored junior developers and conducted code reviews to maintain high code quality standards.
- Employed Tailwind CSS, Daisy UI and Shadcn for consistent and responsive design across applications.

### Full Stack Developer/Marketing Specialist

2021 - 2022

*Higitech Middle East, Dubai*

- Architected and delivered 5+ front-end and back-end applications utilizing React Js, Next Js, Node Js, and MySQL Database.
- Built a comprehensive CRM system for the organization using React Js, Node Js, and Express Js.
- Engineered RESTful APIs using Node Js and Express Js for seamless communication between front-end and back-end systems.
- Leveraged Linux, Nginx, and Docker for containerization and deployment.
- Managed the full lifecycle of the company's database management system, including MongoDB and MySQL.

## Full Stack Developer

2018-2021

*Elements Labs, India*

- Engineered user-friendly websites, optimizing SEO-friendly pages, resulting in a 30% increase in user clicks and higher rank on Google.
- Crafted an interactive UI/UX and dynamic website, ensuring high traffic, maximum user experience, and elevated company sales revenue.
- Integrated RESTful APIs for seamless communication between front-end and back-end systems.
- Designed, developed, and managed websites using Wordpress, Shopify, HTML5, ReactJs, and NextJs.
- Conducted training for 5+ staff members on internal web functions and minor updates/changes.

## Front End Developer

2017-2018

*Crafts Enterprises, India*

- Collaborated on developing responsive web applications using HTML, CSS, and JavaScript.
- Assisted in implementing front-end functionalities with ReactJS and Bootstrap.
- Contributed to version control and code management using Git.
- Participated in UI/UX design discussions and utilized Figma for prototyping.

## Project Engineer

2015-2017

*Hidayath Heavy Industry, Dubai*

- Facilitated in preparation & implementation of Project execution plan.
- Monitored work in progress by coordinating all project-related personnel on day-to-day progress of work activities, procurement, & operations to ensure timely completion of the project.
